

Shipper V3

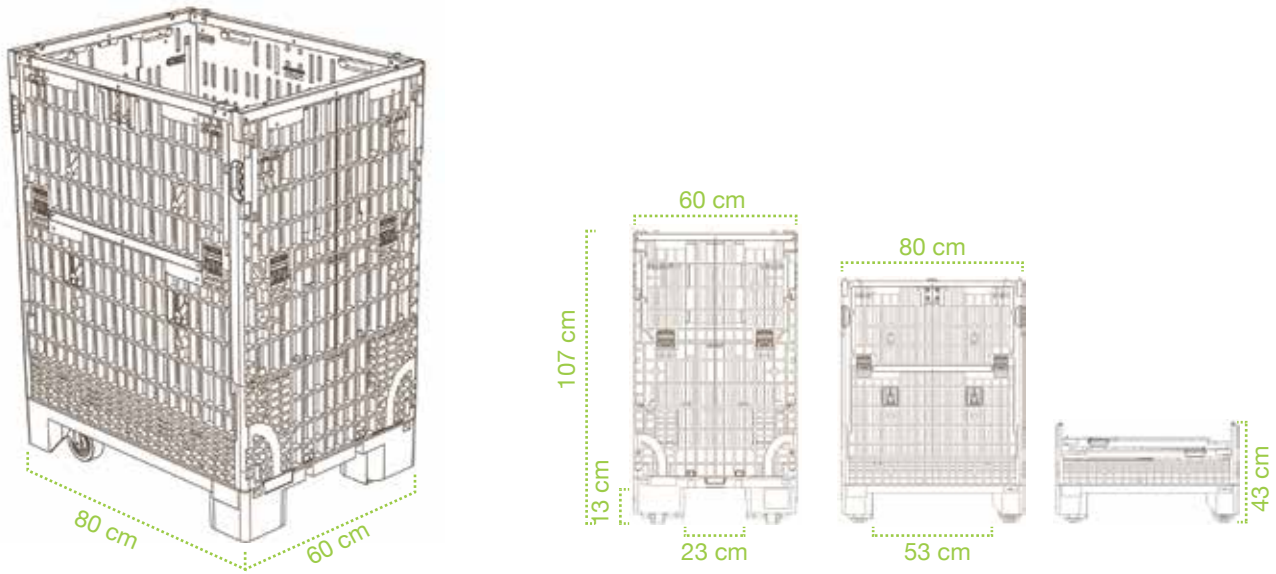

A photograph showing several green plastic crates filled with oranges, arranged in a row. The crates are stacked and have a grid-like structure with vertical slots.

Minimizes replenishment cost, Maximizes in-store availability.

- An attractive, revolutionary, multi-purpose, "one-touch" bin for packaging, logistics and in-store display
- Wheeled base enables safe and easy in-store handling.
- Built in signage slots for promotional/logistics information.
- Robust construction ensures products are well protected.
- Uniquely designed to replace traditional shelving, eliminating both time & costs of replenishment.
- Foldable, nestable and stackable to optimize truck and storage space.
- Available with your own logo and in your desired color.
- Environmentally friendly.
